

Submission Statement

Article title:

Each author must sign 1 copy of this Submission Statement with his/her original signature or electronic signatures.

We, the submitting authors, declare that:

- This contribution is original; the work has not been published previously (in whole or in part) in any language and is not currently under review by another journal. If the manuscript reports work that has already been reported in large part in a published article, the previously published article has been clearly referenced.
- We have obtained permission to reproduce illustrations, tables, etc., from other publications.
- Each author has
 1. made substantial contributions to the conception or design of the work, or to the acquisition, analysis, or interpretation of data for the work;
 2. participated in drafting the work or revising it critically for important intellectual content;
 3. approved the final version to be published; and
 4. agreed to be accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved (see [ICMJE Criteria for Authorship](#)). The contributions of each person named as an author have been included in an **Author Contributions Statement** at the end of the main text. If an author is removed from or added to the listed authors after submission, an explanation and a signed statement of agreement confirming the requested change are required from all the initially listed authors and from the author to be removed or added.
- Any contributors that have participated in the study but who do not meet all 4 criteria for authorship (see above) have been acknowledged in the **Acknowledgements** at the end of the main text.
- Any financial interests (stocks, patents, employment, honoraria, or royalties) or nonfinancial relationships (political, personal, or professional) that may be interpreted as having influenced the content of the manuscript have been declared in a **Disclosure Statement** at the end of the main text. If the authors have no conflicts of interest, this has been declared in the **Disclosure Statement** as well.

- Full details about the funding of any research relevant to our study, including sponsor names and explanations of the roles of these sources in the preparation of data or the manuscript, have been declared in a **Funding Sources Statement** at the end of the main text. If the study did not receive any funding, this too has been declared in the **Funding Sources Statement**.
- The research presented in the manuscript was ethically conducted in accordance with the World Medical Association Declaration of Helsinki and the appropriate guidelines for human studies as well as according to animal welfare regulations, including the Animal Research; Reporting of in vivo Experiments (ARRIVE) guidelines, and was approved by the appropriate institutional review bodies. In a **Statement of Ethics** at the end of the manuscript, the authors have indicated whether the procedures followed were assessed by the responsible review committee (institutional and national) and whether research participants/subjects' informed consent was obtained. If no approval is required, this too has been stated in the **Statement of Ethics**.
- The full and correct name, affiliation, and e-mail address of all Authors have been entered in the submission system.
- This paper will not be simultaneously submitted to any other publication during the review process.

We, the submitting authors, agree and acknowledge that:
